How we help

The 2020 General Election is approaching fast. As a voter you will want to make an informed decision about who to vote for to represent you in Parliament. The Howard League (an independent charity) can help you ask questions of the political parties on their plans for the country, and get the answers back to you in time for you to vote.

How it works

Write your question in the space above. You can ask specific political parties, or just tick "All". Hand the form to a staff member, who will send it to the Howard League. Once the answer to your question is received, the Howard League will send it to you via the e-prisoner email system. You can ask questions up to 09 October 2020.

Questions can only be about current political issues or party policies. If you want to communicate with an MP about personal matters or issues related to your case, then you should do this by a separate letter.

Informed consent to participate

By completing this form you understand and consent to the following:

- Corrections and Howard League staff may read the question, and the answer received, to ensure it does not contain inappropriate language or information
- Your name, PRN and location will be provided to Howard League
- Your personal details will not be submitted to the political party; only your question
